RE: Proposed Court Rules on  
Guardianships and Conservatorships

Dear Chief Justice Taylor:

I have received the Supreme Court's proposed court rules regarding guardianships and conservatorships which have been submitted for comment.

I have reviewed the proposed court rules and believe that they would greatly assist the courts with supervision of these difficult cases. I appreciate the continuing efforts of the Supreme Court in working with the courts and the State Bar to improve the level of review on these files which will provide more protection for our vulnerable children and seniors.

Please feel free to contact me if you need assistance in any way on adopting these court rules.

Sincerely yours,
